Staying Healthy this Winter

Are your patients ready for the challenges of winter? Supporting the immune system can ensure good health over the cold winter months. Help your patients maintain a healthy immune system with these winter essential products from MediHerb and Standard Process.

Andrographis Complex
- The ideal short-term support for the immune and respiratory systems, especially when the immune system is under stress
- A powerful combination of Andrographis herb and Echinacea angustifolia root plus Holy Basil herb and essential oil. Each tablet contains 10 mg of andrographolide to ensure optimal strength and quality
- Contains the important alkylamides from Echinacea angustifolia root which research has shown are beneficial in supporting the immune system
- Supports a healthy immune response following stress, sudden changes in weather or temperature

Broncafect®
- A respiratory essential, Broncafect combines the herbs Licorice, M欢喜y root, Echinacea purpurea, White Horehound and Ginger plus Thyme essential oil
- Supports the body’s normal cough reflex and helps maintain healthy mucosal tissue
- Encourages the maintenance of normal respiratory flora
- Available in both tablet and liquid form

Herbal Throat Spray Phytosynergist®
- A pleasant tasting throat spray to apply and swallow when the throat is dry or under stress
- Soothing blend of Echinacea angustifolia root, Marshmallow root, Sage, Calendula, Myrrh and Clove bud essential oil in a convenient pump spray bottle
- Promotes healthy throat tissue and provides localized immune support for the mouth and throat
- Supports oral health and freshens breath

DiaCo Phytosynergist®
- Helps support and maintain normal body temperature within a normal range
- This liquid formula combines Echinacea angustifolia root, Elder flower, Lime flower, Yarrow, Ginger and Licorice root
- Also encourages healthy elimination of naturally occurring toxins, promotes healthy respiratory function and stimulates immune response

ResCo®
- Combines herbs and essential oils that provide long-term respiratory system support, including Licorice, Mullein, Euphorbia, Grindelia and Ginger plus Fennel and Thyme essential oils
- Encourages healthy mucous membranes and healthy mucous function
- Maintains healthy airway passages, supports the body’s normal cough reflex and promotes the body’s normal resistance function
- Available in both tablet and liquid form

Euphrasia Complex
- A unique blend designed specifically to support the health of the nasal passages particularly when challenged by occasional seasonal stresses
- Contains the herbs Eyebright, Golden Rod, Echinacea purpurea root, Golden Seal and Cayenne
- This formulation may help to support healthy mucous membranes and assist in maintaining healthy breathing passages for free and clear breathing
