Healthy circulation plays a vital role in supporting our body’s natural capacity to heal. There are many herbs that can assist in promoting normal blood circulation and to help keep our vascular system in good condition. Gotu Kola Complex is an innovative new product from MediHerb designed to support the body’s normal tissue repair process.

**Gotu Kola Complex**

Gotu Kola Complex is a uniquely synergistic combination of Gotu Kola herb and concentrated extracts of Grape Seed and Ginkgo leaf. Together these herbs help to:

- maintain and support connective and epithelial tissue
- assist normal circulation
- provide antioxidant protection
- promote the body’s normal tissue drainage process
