

# 10 DAY

## Healthy Inflammation Response Program

### Active Lifestyle Support for Your Patients

The 10-Day Healthy Inflammation Response Program is for patients who may experience:

- Minor aches and joint stiffness after exercise
- Swelling after exercise
- Redness or warmth of skin after exercise
- Dry skin
- Bags under the eyes
- Bloating or puffiness
- Water retention

This program will help jump-start normal inflammatory processes and put the body on the fast track to addressing inflammation and living a healthier, more active life!\*

Use this program to educate patients on ways to support a well-functioning healthy inflammation response and create a foundation for a healthier lifestyle for years to come.\*

# 10-Day Healthy Inflammation Response Program Product Kits

Item **14030** 10-Day Healthy Inflammation Response Program With SP Complete®

Item **14040** 10-Day Healthy Inflammation Response Program With SP Complete® Dairy Free

Two program kit choices allow you to select the preferred protein for each patient. Each kit contains a diet plan, patient guide, and supplements. These program kits include the following supplements:

## SP Complete® or SP Complete® Dairy Free

- A convenient powder that offers essential whole food nutrition with protein, fiber, and calcium to support immune system, intestinal, and muscular health\*

28 ounces (795 grams) for SP Complete or  
32 ounces (907 grams) for SP Complete Dairy Free

## SP Cleanse®

- Combines 20 unique whole food and botanical ingredients designed to support the body's normal toxin-removal processes\*

150 capsules

## Boswellia Complex (MediHerb®)

- Combines Boswellia, Celery Seed, Ginger, and Turmeric to maintain and support healthy joints, circulation, and response to environmental stresses\*

40 tablets

## Cyruta® Plus

- Supports capillary integrity and function while also helping to support healthy peripheral circulation\*

90 capsules

## Black Currant Seed Oil

- Contains 47 mg gamma-linolenic acid (GLA) per serving. GLA has been used for years for its natural inflammatory response support; this fatty acid is also important for the absorption of boswellia for an inflammatory response system effect.\*

60 perles

To promote this program to patients, order the brochure (L6152) and coordinating display insert (L8939).

*The suggested uses for products in this 10-day program are different than those on the individual product labels.*
