

# Canine Hemp Oil Complex™

3-in-1 Benefit for Whole Body Support

A unique formulation of hemp oil, calamari oil (omega-3), TrueBroc® and broccoli, combined to support the endocannabinoid system, healthy inflammatory response, and endogenous antioxidant pathways.

## Why use Canine Hemp Oil Complex™?

- Supports the endocannabinoid system\*
- Supports the body's natural inflammatory response function\*
- Ingredients that provide antioxidant activity\*
- Non-genetically engineered hemp
- Gluten-free
- Combination of natural omega-3 fatty acids, including DHA, DPA and EPA
- Calamari oil certified sustainable from the independent nonprofit group Friend of the Sea®

**Standard Process**  
VETERINARY FORMULAS™

## Supporting Systemic Balance Through Nutrition

A combination of well-balanced polyunsaturated fatty acids (PUFAs, omega-3 oil), Canine Hemp Oil Complex™ delivers essential fatty acids needed for the formation of specialized lipid mediators for a healthy immune response. Phytonutrients from TrueBroc® and broccoli provide antioxidant support by activating the Nrf2/ARE pathways.

## A Unique Blend of Ingredients

**Hemp oil** from non-genetically engineered hemp (stalk and seed).

**Calamari oil** certified sustainable from the independent nonprofit group Friend of the Sea®.

**TrueBroc® and broccoli** (aerial parts) rich in glucosinolates.

## Why support a dog's endocannabinoid system (ECS)?

The ECS is present throughout the body and appears to be an important factor in multiple physiological and pathophysiological mechanisms in all mammals.<sup>1</sup>

Endocannabinoids are derivatives of PUFAs and are critical in supporting the ECS. Additionally, supplementation of hemp-oil derived fatty acids support key inflammatory mediators involved in the resolution phase of a healthy inflammation process.<sup>2,3</sup>

A well-balanced ECS encourages favorable conditions in the body system, impacting the body's ability to manage metabolic stress<sup>4</sup> and may support overall health and well-being.<sup>5</sup>

**Servings per Container:** 60 based on one softgel

### How to administer:

Based on body weight, the canine patient should receive the formula according to the following recommendations, or as otherwise directed by a veterinarian.

### Dosage Schedule:

<b>1-10 lbs.</b>	1 softgel every other day
<b>11-50 lbs.</b>	1 softgel per day
<b>51-100 lbs.</b>	2 softgels per day
<b>101+ lbs.</b>	3 softgels per day

### Supplement Facts

**Ingredients:** Calamari oil, hemp oil (stalk and seed), TrueBroc®, and broccoli (aerial parts).

**Other Ingredients:** Gelatin, glycerine, water, dimagnesium malate, and beeswax.

TrueBroc® is protected by trademarks and patents of Brassica Protection Products LLC: [www.brassica.com/ip](http://www.brassica.com/ip)

### Active Ingredients:

Magnesium	20 mg/softgel
Glucoraphanin	2.5 mg/softgel
DHA	65 mg/softgel
EPA	27.5 mg/softgel
Omega-3	115 mg/softgel
Omega-6	30 mg/softgel
