

Ideal Dispensary

Digestive Health
Advanced Nutrition Therapy

Changing Lives With Nutrition

Standard Process focuses
on achieving wholistic
health through nutrition.

From our certified organic, regenerative
farming practices to our Nutrition Innovation
Center, we are committed to clinical science
that advances health and changes lives.

It Starts With Soil

On our 623-acre, certified organic farm, we use regenerative farming practices to cultivate nutrient-dense soil as nature intended.

Whole Food-Based Ingredients

The whole foods grown on our farm in our organic soil contain an abundance of phytonutrients.

More than 80% of all raw plant ingredients that go into our products come directly from our farm, traveling less than a mile to our manufacturing facility.

Manufactured With Care

Our freshly picked crops are processed often within a day using state-of-the-art technologies to maintain the naturally occurring nutrients in our plant ingredients.

Committed to Clinical Science

We are dedicated to being at the forefront of driving clinical studies that advance patient care through whole food-based nutrition.

Digestive Health Products Include:

Whole food-based nutrition products to help address specific health issues requiring advanced nutrition insights.

When chronic health issues occur, it is often the result of the digestive system functional capacity being altered.

Since good health starts with a healthy gut (or digestive system), it is important that all key functional aspects of this system are optimized.¹

This includes a wide range of issues ranging from absorption and use of food and its digested products, to gut wall barrier protection from foreign material, to an optimal gut microflora or microbiome to a healthy metabolome of the gut that enhances metabolic processes and a healthy immune system response.^{2,3,4} Selected key nutrients and nutritional combinations play key roles in stabilizing each of these functional requirements and activities to help ensure healthy lifestyle profiles.

Whether working toward a more regular healthy gut function or managing a better immune response to support a healthy inflammatory response, key nutrients can play an important role in the health of all patients.

and cautionary warnings, please go to standardprocess.com.

Catalyn® GF

A gluten-free version of the original Catalyn formula, Catalyn GF provides the same nutritional density as the original Catalyn, minus the gluten.

- Formulated with several whole food ingredients that contain complexes of nutrients, naturally-occurring minerals and phytonutrients
- Encourages healthy cell functioning
- Supports overall well-being*

Suggested use: Three tablets per day, or as directed.

Cataplex® F Tablets

Cataplex F supports the body's inflammatory response function as it relates to periodic challenges like consumption of high-fat foods or strenuous activity.*

- Flaxseed is a natural source of omega-3 fatty acids from plants.
- Provides lipids for the formation of eicosanoids
- Promotes healthy skin and hair
- Contains iodine for thyroid support
- Supports the metabolism of fats*

Suggested use: One tablet per meal, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Cruciferous Complete™

Cruciferous Complete supports cellular health.*

- Supports healthy liver function
- Provides ingredients with antioxidant activity
- Vitamin K supports calcium absorption, blood clotting, and healthy liver function.
- Our research shows some compounds in kale and Brussels sprouts promote the liver's natural phase one and two detoxification processes in cell and animal models.*

Suggested use: One capsule per day, or as directed.

Epimune Complex

Epimune Complex is a vegetarian product designed to balance immune system response function.*

- Supports specific aspects of immune system activity and contains research-supported ingredients such as EpiCor® and maitake and turkey tail mushrooms
- Supports healthy white blood cells
- Helps support respiratory health year-round, especially during seasonal challenges
- Helps activate and balance a healthy immune system response function
- High in antioxidant vitamin C*

Suggested use: Two capsules per day, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Olprima™ EPA | DHA

Olprima EPA|DHA provides condition-specific support through a 55:45 ratio of the omega-3s, EPA and DHA. Olprima EPA|DHA supports cardiovascular and brain health while supporting the body's healthy inflammatory response.*

- Supports cardiovascular health*^
- Supports healthy inflammatory processes*
- Supports general brain health and cognition*
- General mood support

Suggested use: Two softgels per day, or as directed.

Special instructions: Store in a cool, dark place.

^As part of a diet low in saturated fat and cholesterol.

OPC Synergy®

OPC Synergy provides a synergistic blend that supports antioxidant activity and cell functioning.*

- Provides nutrients that support antioxidant activity
- Supports and maintains normal cell function
- Helps maintain normal cognitive function
- Traditionally used in support of eye health
- Supports the complex processes associated with aging
- Supports a healthy cardiovascular system
- Helps maintain capillary integrity*

Suggested use: One capsule per day, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

ProSynbiotic

ProSynbiotic is a synergistic blend of four research-supported probiotic strains and two prebiotic fibers to support gut flora and overall intestinal health*

- Contains research-supported strains of lactic acid bacteria (*Lactobacillus* and *Bifidobacterium*), and *Saccharomyces cerevisiae* var. *boulardii*
- Contains inulin (a nondigestible soluble fiber from chicory root) and galactooligosaccharide (nondigestible carbohydrates), both of which are used by probiotic bacteria as food
- Useful in maintaining a healthy gut microbial environment
- Helps support the body's natural absorption of calcium and magnesium
- Improves nutrient digestion and absorption
- Supports normal bowel regularity and consistency
- Supports the body's natural immune system response function*

Suggested use: Three capsules per day, or as directed.

Special information: Store in a cool, dry place. Although research varies, our strains seem to work best when taken after a meal.

Tuna Omega-3 Oil or Tuna Omega-3 Chewable

Tuna Omega-3 oils help bridge the gap in dietary omega-3 intake and support the body's natural inflammatory response function as it relates to periodic challenges like consumption of high-fat meal or strenuous activity.* Tuna Omega-3 oils contain a non-concentrated, natural profile of tuna oil that is rigorously tested to be below regulatory standards for contaminants and toxins.

Along with supporting general health, they also:

- Support general health
- Support cognition
- Support skin and hair health
- Support emotional balance
- Contain DHA, which is important for proper fetal eye and brain development*

Suggested use: Two softgels twice per day with meals, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Veg-E Complete Pro™ Chocolate or Vanilla

Veg-E Complete Pro offers a multisource blend of plant-based protein in a convenient powder with a delicious flavor.*

- A valuable source of several amino acids including the nine essential amino acids
- Contains organic pea protein, pumpkin seed protein, and sesame seed protein
- Supports muscle building and recovery
- Supports satiety and fullness
- Supports cellular function and enzyme action
- Supports energy levels
- Supports gut health
- Supports hair, skin, and nails
- Organic, vegan, gluten-free, non-dairy formula, non-soy formula, non-grain formula
- No genetically engineered ingredients
- No artificial sweeteners or artificial flavors
- Natural flavors made without monosodium glutamate (MSG)*

Suggested use: 4 heaping tablespoons (scoops) or 1 packet in 8-12 ounces water, one to three servings per day, or as directed. Mix product thoroughly for 10 to 15 seconds.

Special instructions: Settling of product after mixing may occur. Store mixed product in refrigerator if not consumed immediately.

Whole Food Fiber

Whole Food Fiber is a good source of fiber from nutrient-rich whole foods.*

- Contains both soluble and insoluble fiber
- Supports healthy bowel function
- Promotes regular intestinal motility and elimination
- Supports healthy epithelial cells in the bowel
- Provides food for beneficial microorganisms in the lower gastrointestinal (GI) tract
- Supports the immune system*

Suggested use: 1 level tablespoon (approximately 6 grams) in a blender drink per day, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Zymex® Capsules

Zymex promotes a healthy pH range in the intestinal tract.*

- Encourages a healthy intestinal environment to support a healthy GI microbiome
- Supports healthy intestinal pH*

Suggested use: Two capsules per meal, or as directed.

Zymex® Wafers

Zymex promotes a healthy pH range in the intestinal tract.*

- Encourages a healthy intestinal environment to maintain proper gastrointestinal flora
- Supports healthy intestinal pH
- Helpful for those who cannot or prefer not to swallow pills*

Suggested use: Two wafers per meal, or as directed.

Special instructions: Individuals who may be lactose intolerant should consult their health care professional before using this product. This product should be chewed then swallowed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Zypan®

Zypan combines pancreatin, pepsin, and betaine hydrochloride to facilitate healthy digestion.*

- Supports macronutrient digestion
- Supports gastric pH
- Includes stearic acid to coat the pancreatin, helping it to be digested in the correct area of the digestive tract
- Provides enzymatic support for protein digestion
- Supports the environment of the GI tract*

Suggested use: Two tablets with each meal, or as directed.

Special instructions: Chewing this product is not recommended.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

MediHerb® Colax

The natural ingredients found in Colax help maintain healthy intestinal function. The combination of Dill Seed, Cascara, Yellow Dock, Dandelion Root and Chamomile provides a range of compounds including several essential oils (containing monoterpenes, sesquiterpenes, and especially α -bisabolol), flavonoids, anthraquinone glycosides, sesquiterpene lactones, phenolic acids and sterols. The herbs in Colax have been used traditionally to:

- Support healthy bowel function
- Assist in helping stimulate the bowel in order to support healthy elimination
- Cleanse the lower digestive tract
- Promote general, healthy detoxification and elimination function
- Promote intestinal motility and elimination
- Relieve mild symptoms of occasional mild digestive discomfort
- Support healthy bile production and flow*

Suggested use: One tablet three to four times daily, or as directed

Caution: Contraindicated in blockage of the gallbladder and in known allergy to plants of the daisy family. Use only with professional supervision in the presence of gallstones. This product contains *Frangula purshiana* (Cascara). Read and follow directions carefully. Do not use if you have or develop diarrhea, loose stools, or abdominal pain because Cascara may worsen these conditions and be harmful to your health. Consult your health care professional if you have frequent diarrhea or if you are pregnant, nursing, taking medication or have a medical condition.

MediHerb® DiGest Forte

DiGest Forte contains Gentian, Ginger, Tangerine (Chen Pi) (fruit peel and cold pressed essential oil), Wormwood and Feverfew. This combination contains many compounds including secoiridoid bitter glycosides (including gentiopicroin and amarogentin), pungent principles (including gingerols), sesquiterpene lactones (including absinthin and parthenolide), flavonoids and monoterpenes. This formulation and the compounds within it are used traditionally to:

- Stimulate gastric juice output and appetite
- Support healthy digestion and intestinal function
- Promote healthy gastrointestinal tone
- Support the body's natural detoxification and elimination function
- Increase bile flow as a cholagogue
- Promote normal response to environmental stressors*

Suggested use: One tablet three times daily, or as directed.

Caution: Contraindicated in known allergy to plants of the daisy family. Contraindicated in gastric or duodenal ulcers unless otherwise directed by a qualified health care professional. Use only with professional supervision in the presence of gallstones. Contraindicated in pregnancy and lactation.

MediHerb® HiPep

HiPep contains the following herbs: Deglycyrrhizinized Licorice, Meadowsweet and Chamomile (flower and flower essential oil). This combination of herbs contains many compounds including flavonoids, sterols, phenolic glycosides and tannins. The essential oil contains α -bisabolol and chamazulene. This formulation and the compounds within it have been traditionally used to:

- Support normal function of stomach acid secretions
- Promote healthy mucosal tissue within the upper gastrointestinal tract
- Promote healthy tone and function within the upper gastrointestinal tract
- Help relieve mild symptoms of occasional mild digestive discomfort*

Suggested use: One tablet three to five times daily, or as directed.

Caution: Contraindicated in known allergy to plants of the daisy family. Meadowsweet should be avoided by persons hypersensitive to salicylates. Not to be used during pregnancy and lactation unless otherwise directed by a qualified health care professional.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

MediHerb® Livton® Complex

Livton Complex contains five herbs that help support the digestive system. The herbs Globe Artichoke, Bupleurum, Dandelion Root, Milk Thistle and Fringe Tree contribute key phytochemicals to the blend such as sesquiterpene lactones, caffeic acid derivatives, flavonoids, phenolic acids, triterpenes, sterols, triterpenoid saponins (called saikosaponins), flavanolignans (collectively known as silymarin). The Milk Thistle component of this tablet is standardized to contain 80 mg per tablet of flavanolignans (calculated as silybin) to ensure optimal strength and quality. These herbs and the many compounds within them have been used traditionally to:

- Support healthy liver and gallbladder function
- Encourage healthy digestive function
- Encourage the healthy function of the organs of elimination such as liver and intestine
- Provide antioxidant activity
- Help relieve mild symptoms of occasional mild digestive discomfort
- Support healthy bowel regularity and consistency function*

Suggested use: One tablet three to four times daily, or as directed

Caution: Contraindicated in pregnancy. Contraindicated during lactation unless otherwise directed by a qualified health care professional. Contraindicated in blockage of the gallbladder. Use only with professional supervision in the presence of gallstones. In anemia and cases where iron supplementation is required, do not take simultaneously with meals or iron supplements

MediHerb® Milk Thistle Forte

Milk Thistle Forte is manufactured from Milk Thistle extract which contains flavanolignans (collectively known as silymarin), flavonoids and other compounds. This product is standardized to contain 168 mg of flavanolignans per tablet to ensure optimal strength and quality. The compounds in Milk Thistle Forte, particularly the flavanolignans, are used traditionally to:

- Provide antioxidant activity
- Support healthy liver function and structure
- Protect liver tissue by supporting normal cellular defenses
- Support healthy general detoxification and toxin elimination function
- Support healthy bile flow for relief of mild symptoms of occasional mild digestive discomfort
- Promote normal response to environmental stressors*

Suggested use: One tablet two to three times daily, or as directed.

Caution: Not to be used during pregnancy and lactation unless otherwise directed by a qualified health care professional. In anemia and cases where iron supplementation is required, do not take simultaneously with meals or iron supplements.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.
